Board of Trustees

Every three years parent representatives and a staff representative are voted on to a Board of Trustees. The philosophy of Tomorrow's Schools is that the Principal, Staff, Trustees and the Community work closely together to improve learning opportunities for all students.

The role of the Board is to govern the school. This is done through the implementation of policies. The Principal's role is to manage the school on a day to day basis within the guidelines of those policies.

Key areas of governance are:

- 1) **Management of School Finances.** *The Board of Trustees approves and monitors the budget.*
- 2) **Formal Employer of all school staff.** *The Board of Trustees has the normal responsibilities of an employer.*
- 3) **Property.** *The Board of Trustees maintains the land and buildings and is responsible for running costs.*
- 4) **The School Charter.** *Parents, Staff and Community are welcome to attend Board of Trustees meetings held monthly at school.*

Our current Board members are:

Dale Anderson - Chairperson

Wade Gubb

Julie Morley

Helena Haggie

Darryl Heremia

Meretiana Rayner (Secretary/Treasurer)

Deanne Claxton (Staff Rep)

Reading Ages

Teachers use a range of tests or procedures to assess the reading skills and overall reading abilities of their pupils. There is no single test that will measure all skill levels, nor one that will give an "overall ability" result.

Results of some tests are expressed in the form of a "reading age" which indicate the level of achievement reached. This method of showing a level is also used with reading materials.

Unlike a child's chronological age which is a specific measurement based on a birth date, a "reading age" is a general level expressing a range or band such as 6 to 7 years or 9 to 10 years etc.

When compared with the child's chronological age a "reading age" assessment will indicate the level of achievement against the "normal" or "average" for that age group. Most of the reading material used in NZ school reading programmes has been assessed at "reading age" levels eg. 6 to 7 year level, 7 to 8 level etc. This makes it easier for teachers to select material for a child or a group of children, which is at a suitable level.

IN BRIEF, A "READING AGE" IS A COMMONLY USED WAY OF EXPRESSING A READING LEVEL.

THE FOLLOWING MATTERS MUST ALSO BE TAKEN INTO ACCOUNT:

* *Each pupil performs at 3 reading levels -*

1. Independent Level—the level, which can be read with ease and can be easily understood by child. This is the level usually selected for "home reading"
2. Instructional Level—the level used by teachers for instruction. Children will meet some "difficulties" and are placed in a position where they can use and develop their reading skills.
3. Frustration Level—the level, which is too difficult and more often than not is a cause for children to become negative about reading. This level is a "no no."

The most common form of 'testing' reading for NZ teachers is a RUNNING RECORD. This form of testing provides information about the level of reading material, which can be coped with and also critical information about the skills and strategies being used by the child.

Teachers are only too willing to share the results of their assessment in reading and can give clear indications of the levels being achieved. This will, in some cases, be done by reference to a "reading age".

Warrant of Fitness for Children:

Don't forget to send your children to school with a warrant of fitness.

They need the following:

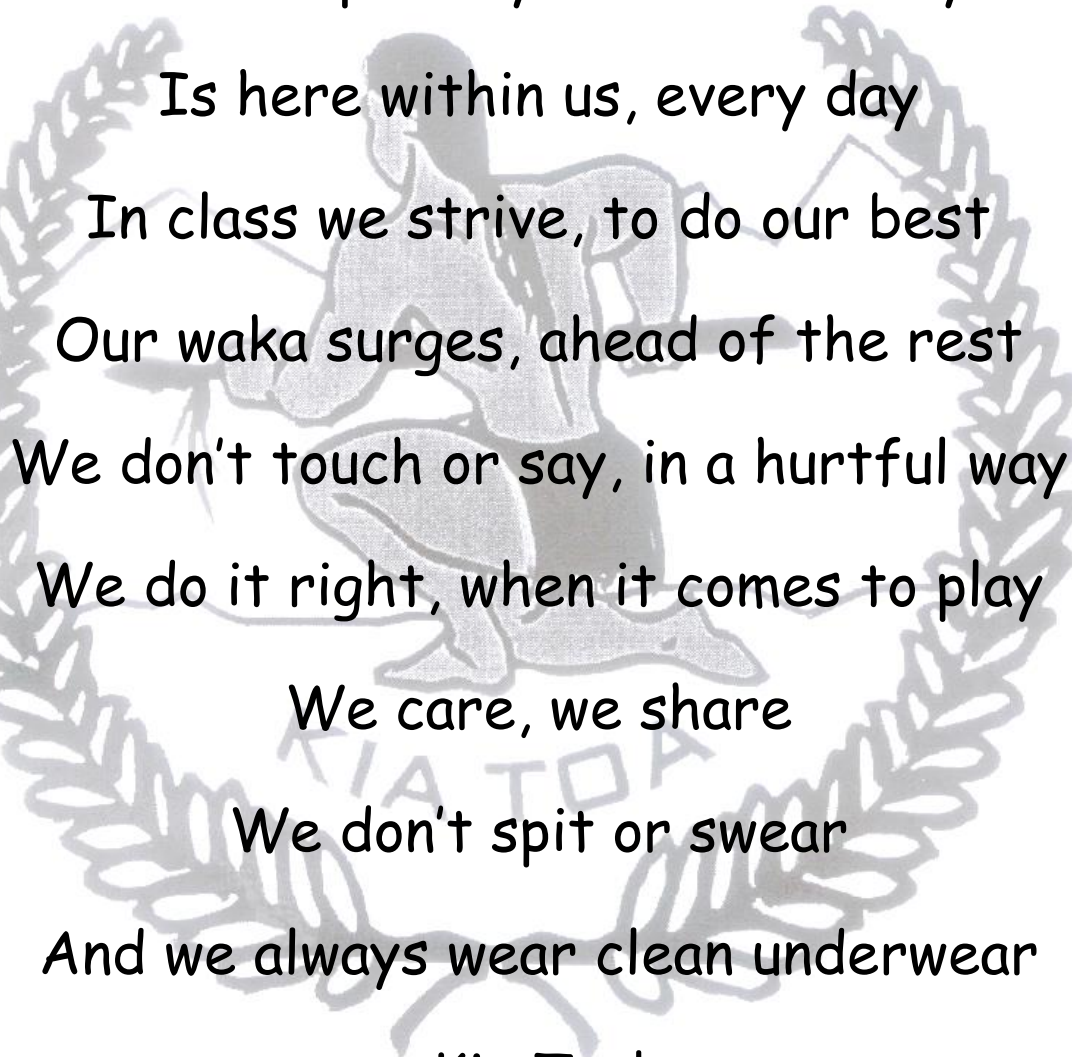

- ☺ **Plenty of sleep.** *We can't work with children who have watched too much television or stayed up late - ten hours sleep for primary children is recommended.*
- ☺ **To be well fed!** *Children can't learn who do not have a balanced diet with regular meal times - breakfast is essential before a six hour school day. Children need both mid morning and lunchtime food and drinks.*
- ☺ **To be secure.** *Waipa pupils come from caring homes. However, children need reassurance and to have realistic expectations from their parents.*
- ☺ **To have a positive attitude.** *If children expect good things to happen at school in all areas of learning, they will have a keen and sparkling approach to their day. Don't dull this with your worries, fears and niggles.*
- ☺ **To have the correct gear.** *Comfortable working clothes, stationery, lunch, library books and swimming togs. Don't let children ring you to bring things - we encourage independence and self organisation.*
- ☺ **To be on time.** *Social things happen before school and children are disadvantaged who come late. They are not ready for the day's learning and playing.
Consider 8:30 am onwards for your child to arrive at Waipa School.*
